- Education Group prices
- Location map and contact details

Once we have confirmed your booking, you will receive:

- A disclaimer form for each participant (or parents of) to sign
- RAMS

What is Rocket Ropes

Challenging fun for kids and adults alike. Incorporating two towers and six courses including our new Rocketeer course for preschoolers – Rocket Ropes has over 90 intense, challenging, creative, aerial activities up on high ropes, a Giant Swing, flying foxes, and a 14 metre power fan Big Leap! Our new low level on the Croc tower caters for climbers eager to have a go, but aren't ready for the challenges of the higher ropes courses.

Participants will build confidence through overcoming challenges, enhance self-esteem by facing fears, test both physical and mental reserves and create camaraderie and communication through teamwork.

ROCKET ROPES ACTIVITIES & OPTIONS

Rocket Ropes is proud to offer you the following activities and options:

CROC TOWER COURSES

Now with three levels at 1m, 3m and 6m, and new activities that will thrill, test and excite you – the Croc Tower courses include 4 flying foxes, barrel crawls, teetering walk ways, slip knots, spiders web and flea jump to name but a few. To complete all three levels on this course will take approximately 2 to 2.5 hours. Of course, time may vary depending on experience and confidence levels.

Please refer to the booking forms attached for course requirements.

ROCKET TOWER COURSES

Feeling a bit more adventurous? You are all alone on the 4.5m and 9m levels with no surrounding trees for comfort – just you, your fears and a great blend of intense and challenging aerial activities. Pull yourself through barrels, test your balance across swinging beams, and then finally finish off with the 120m Ripper Zipper. This course takes approximately 2 – 2.5 hours to complete and is considered an advanced course. Times may vary depending on experience and confidence levels.

Please refer to the booking forms attached for course requirements.

ROCKETEER PRESCHOOLERS COURSE

Our Rocketeer course is a low climbing course designed specifically for children aged 2 – 6 years to experience a climbing course using karabiners just like big kids. They can scale the Viking ship, delve into tunnels, bounce on the wobble boards and more to give them a climbing adventure like no other.

Please refer to the booking forms attached for course requirements.

BIG LEAP

Ever considered leaping off a 5 story building? Here's your chance! NZ's first powerfan freefall will test your fears and your faith. In your harness, inch your way out onto the leap zone 12m above the ground, (great views – so look out if you can't look down) take a deep breath – and step out into the blue yonder.

Requirements: Minimum age of 6

GIANT SWING

Exhilarating fun, even more when swinging with a friend! Once strapped in, you are then winched, ever so slowly, up to 12m off the ground. When you drop is up to you – but be prepared for the crazy accelerations rush as the Giant Swing will leave you giggling uncontrollably!

Requirements: Minimum age of 6

RIPPER ZIPPER

Are you ready for the next dose of adrenaline? Launching from our 12m platform, you whiz along our extreme flying fox for 120m, then catch the next flight back on the return Ripper Zipper. Mission accomplished! This is included in the Rocket Tower Courses, or you can add it on.

Requirements: Minimum age of 10 and minimum height of 145cm.

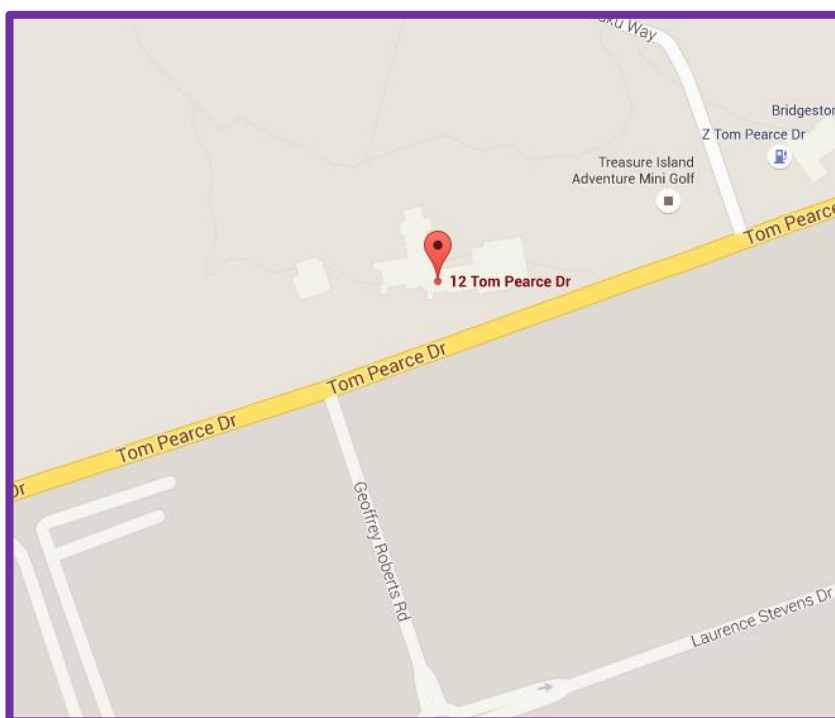

PLANNING INFORMATION FOR YOUR VISIT

- Groups are best split into smaller groups of 20 so we can start the various groups on different activities. You may wish to consider the make-up of these groups prior to your visit. Feel free to ask about advice on arranging this.
- Upon arrival your group will be given a safety brief and kitted out with safety equipment from our instructors, the students must complete the practice course competently before being allowed onto any of the tower courses. *We now have 5 practice lanes to allow large groups to complete the setup faster.*
- On the course groups are expected to be self-reliant, there will be instructors monitoring from the ground and available to assist if required.
- Please remember that the course is outdoors and so is subject to weather changes. Furthermore, participants are up on poles and so subject to wind chill. Please ensure that they are dressed appropriately i.e. rain jackets, warm clothing, closed-toes shoes. Jandals, sandals, crocs and strap backed shoes are not acceptable.
- Participants with long hair will need to tie it up. There is a danger of loose hair becoming caught in course equipment such as flying fox trolleys.
- Please plan your visit to allow ample time for all participants to complete the course. We offer a variety of activity options so please consider which combination best fits your group. It is much easier for us to plan our staffing if you have confirmed your preferences prior to arriving.
- You are welcome to bring your own food and use our BBQ area but we do have an excellent café at Butterfly Creek next door. If you do bring your own food please do not consume it in the café.
- Special needs children must be accompanied 1 on 1 by an adult. We will provide free climbing for the accompanying adult.

ROCKET ROPES - EDUCATION PRICES

Please enquire about pricing for combinations of the add ons. Please note that prices may be subject to change. If there is any price movement *after* you have booked, price quoted for your original booking will remain in place.
